Open soft:-

The Open Soft event allows participants to use their capabilities in an effort to develop algorithms for a given problem statement, which they have to subsequently convert to code to create the solution. The final code and team report will be submitted and presented for evaluation during the Meet. The Schedule for Open Soft shall be announced on 6th January.

Rules:-

1. The criteria for the evaluation shall be revealed by the judge along with the problem statement.
2. Same test inputs will be given to all the teams to test their inputs.
3. Any mentioned quantifiable specification in the problem statement, if exceeded will result in the following penalty.

Exceeded by	% of marks deduction
10%	10%
20%	20%
>20%	No marks in that particular section.

1. Presentation time limit for each team is 15 minutes.
2. Exceeding the maximum time limits leads to certain penalties.

Exceeded by	% of marks deducted
0-1 minute	10%
1-2 minutes	20%
2-3 minutes	40%
>3 minutes	50%

4. Any other rule related to the event will be question specific and decided by the judges.
5. Maximum number of points:-100
6. Maximum number of participants:-6
7. Maximum of four members are allowed to speak during presentation.
